##### Capital Improvements Planned for 2018

The Parks Division is looking forward to another year of exciting capital projects!

In 2018, we will be...

- replacing the playground at Gerspacher Park
- adding swings and a small climber at Merrick Park
- defining walking paths through Fox Run Park
- and extending the parking lot at Shoup Park!

Beavercreek Township received a grant through NatureWorks to **replace the playground at Rotary Park**. The City will be working with their department to install the playground and improve access to the shelter and playground.

Our division will also be completing a **10-year master plan**. You will receive more information in the upcoming months; please watch for public forum opportunities and community surveys.
