Gerspacher Park Improvements

It's hard to believe that Memorial Day has come and gone, and in only a few short weeks Summer will officially begin.

The Parks maintenance staff has begun work on replacing the playground at **Gerspacher Park**.

Last month, the staff focused on drainage infrastructure for the new playground and during the month of June, they will pour concrete curbing and sidewalks, install the new playground, install new playground mulch, and oversee the refurbishment of the swing set and shelter.

During the installation of the new playground, we will once again conduct a **Community Build**. Look for additional information in the coming weeks about this fun event to help build one of your new playgrounds!
