**EXECUTIVE SUMMARY
2020 APPROPRIATIONS BUDGET**

December 9, 2019

The City of Beavercreek experienced a very active and unusual 2019. The May 27th tornado resulted in the shifting of priorities from strategic operational enhancements and improvements to public safety and property protection and clean-up. Residents, staff, and elected officials responded efficiently and effectively with changing priorities from search and rescue and securing property to clearing of right of way, repairing damage infrastructure, and removal of vegetation in the impacted area. This disaster placed an emotional and financial strain on the City with what is considered unacceptable optimal operating reserves. This was most evident in the Street Levy Fund which was stretched to the limits and required immediate delays in street repaving projects and several capital projects in order to fund the immediate infrastructure repairs and the clean-up efforts. Despite this disaster, the City continued to provide this region's most efficient municipal services to residents, businesses, and public institutions while closely monitoring governmental expenditures. Staff continued to implement approaches to maximize city revenue and reduce costs by utilizing innovative operational practices. The newly implemented software enhancements assisted in this goal. However, further implementation of these programs was placed on hold while staff addressed the staggering number of issues and demands placed on them in the aftermath of the tornado. The City did continue to aggressively pursue and receive grant monies available from federal, state and local sources during 2019 and with the 2020 budget. In 2020, it will be a record year for capital improvements throughout the City with the majority of the projects being funded through federal and state grants. The City also continued to maintain one of the lowest costs in the region, per resident, for providing municipal government services. With our organizational culture, ability to shift priorities, monthly City Council work sessions, and an annual City Council/Management Strategy Session, the City was able to meet the immediate emergency needs and provided effective policy direction for this difficult year and provide the foundation for future years.

STATE REVENUE SHARING REDUCTIONS AND LEVY CAMPAIGNS

The state's reduction of revenue sharing continues to challenge the City's ongoing financial stability. Over 60% of the funding available in the 2010 tax base year has been eliminated, which equates to over \$1.2m annually. With these reductions and a long list of infrastructure needs, the City embarked on a strategy to develop specific levies designed to address the City's financial needs now and in the future. After completing a detailed long term financial analysis and several City Council/Management driven strategy sessions, the City continued with the financial strategy of placing continuing levies on the ballot to stabilize the finances of the City. This strategy achieved the City's goals of preserving revenue stability and in the Police levy case maintaining the State's rollback and homestead exemption. By maintaining the exemption, residents save 12.5% off their taxable values, which is currently paid by the State.

DEVELOPING THE BUDGET

With resident's continued support of levies, delaying infrastructure and capital equipment purchases to fund the continued clean-up efforts, the management team has been able to adjust program funding to meet the anticipated service levels in the 2020 budget. Department directors were instructed by the City Manager to continue to maintain the high level of services our residents have been accustomed to while maintaining minimum fund balances despite allocating \$1.5m in tornado related expenditures to clear the accumulated debris. Once again this involved delaying capital improvements and purchasing capital equipment until the City received Federal Emergency Management Agency (FEMA) and state reimbursement grants are received. The City has been developing creative solutions, implementing technology innovations, researching and implementing shared resources, identifying efficiency improvements, reorganizing departments and divisions, and aggressively pursuing grant opportunities in order to become more efficient and provide the most cost effective service to the residents.

With these goals and objectives, the department directors drafted their initial budgets and convened for internal meetings to review departmental justification, short and long term initiatives, program requirements, potential cost savings, and concepts for additional shared service ideas.

After this process, staff presented City Council with a proposed 2020 Appropriations Budget. City Council convened public work sessions on November 18th and 20th of 2019 to review the proposed budget. As a result of this annual process, the City has developed a fiscally responsible 2020 budget incorporating all the operations and capital infrastructure plans detailed in the City's financial strategies.

City Council's policy objective of maintaining minimum reserve balances of 20% for operating funds (General, Police, Street Levy, and Park Levy) has been achieved with the delay of projects noted in the Street funds to address the tornado related expenditures. This was also accomplished by anticipating and responding to the State of Ohio's revenue enhancements (increased fuel taxes and local government funds), pursuing expenditure adjustments during the year, and using existing available fund balances when appropriate.

BUDGET OVERVIEW

The 2020 budgeted expenditures, excluding interfund transfers, is approximately \$47.4m. This represents a budget that is approximately \$6.9m more than the 2019 adopted budget. Of the \$6.9m increase, \$3m relates to the costs associated with the May 27th Tornado event clean-up efforts, which has been budgeted in a required FEMA fund. The largest expenditures are in the Street Maintenance and Capital funds, which total \$21.7m or 45.7% of the entire budget. This is \$2.7m more than the previous year, which is the result of the significant street capital improvement projects slated for 2020. Public Safety is the second largest portion of the budget representing \$11.3m or 23.7% of the budget as depicted in the following chart.

2020 Budget Expenditures by Function - \$47.4m
(Excludes interfund transactions)

As illustrated in the following chart, of the City's \$47.4m budget, \$16.6m or 34.9% is personnel and benefits expenditures. The budget reflects contracted wage increases and projected health care increases as discussed in detail under "Citywide Budget Highlights". The second largest component of the budget is capital expenditures, which represent \$13.7m or 28.9% of the 2020 budget. The majority of these expenditures relate to the Street funds with all the dedicated capital improvements, which are part of the Five-Year Capital Improvement Plan. It should be noted that the contractual category, representing \$11.8m or 24.9% of the total budget, includes \$1.4m slated for residential street and curb repairs.

2020 Expenditures by Category - \$47.4m
(Excludes interfund transfers)

The budget illustrates our reliance on property taxes to generate the revenue necessary to maintain operations and fund the City's capital improvement program. Over \$21.1m comes to the City through various property taxes across various funds. In the 2020 budget, property taxes represent over 46.2% of the entire revenue base. Property taxes have again been conservatively estimated by the Greene County Auditor, which the City uses as the basis for property tax revenue figures. Grant revenue is the second largest component at \$9.8m or 21.4% of the budget and includes various grants for Street Capital Improvements along with FEMA and State

Reimbursements related to the May 27th tornado event. Intergovernmental revenue at \$6.2m includes local government funds, franchise fees, hotel/motel taxes, and various other shared services with other government entities that we consider a consumer of the City's services. The majority of charges for services revenue are related to the Golf Course (including food and beverage) in addition to various program fees collected for parks and recreation, and Senior Center program fees.

BUDGET RESULTS

As a direct result of staff and City Council's desire to provide our community with a responsible budget, the following major changes are noted that impact the 2020 budget.

BUDGET HIGHLIGHTS

Revenue

- In November of 2018, residents renewed the 4.5 mill Police Levy that provides \$6.1m or 61.5% of the Police operating budget. This renewal was approved for a continuing period of time. In addition, in May 2019 residents voted to renew the 2.0 mill Street Capital Improvement Levy, which enhanced the City's street capital improvement program. This levy generates \$2.6m and was also voted to be continuous.
- The Park Levy was also renewed for .9 mills with an additional .3 mills added to support the Parks, Senior Center and Cultural activities throughout the City. This generates \$1.6m and will be used to continue to provide services and programming in this area. In addition, this levy provides the funding designed to improve all parks and facilities throughout the City.
- Interlocal agreements designed to cover the cost of services provided by the City to various entities total over \$718k for 2020. This includes increases to Beavercreek Township for dispatch services provided to the Fire Department, fuel, and In-Touch publications. The City also has agreements with the Beavercreek School District for reimbursement for providing two School Resource Officers, an optic fiber line, and salt. In 2020, the City will continue to provide park maintenance services to the Beavercreek Park District.
- Other revenue such as interest income is anticipated to increase over \$45k or 24% based on increased interest rates. Hotel and Motel taxes are projected to increase \$50k or 10.5% with the opening of two new hotels in 2019 and another anticipated to open in 2020.

- In 2019, the State of Ohio passed legislation increasing the gasoline tax by .14 cents per gallon and diesel by 19.5 cents per gallon. This increase began on July 1st and has begun to be received. This increased tax is projected to increase the City's revenue in the Street Capital Improvement fund by \$1m in 2020 and beyond. These additional funds are dedicated for street improvements and were budgeted in 2020 and used to assist the City in completing street improvement projects and assisted in helping to reduce the projects being delayed in the Street funds as a result of the tornado event.

Expenditures - Operations

- The May 27th Tornado Event, has had a significant impact on the 2019 expenditures and the 2020 projected budget. As a result of the event, it is estimated that the City will spend over \$3m on the safety and security, debris removal and clean-up, and personnel costs. In order to fund these immediate expenditures, \$400k of street capital projects were delayed in 2019. Additionally, over \$1.1m of capital projects and replacement equipment was delayed in order to fund these expenditures. Since the federal government has declared this a FEMA emergency, the City will be submitting these costs for reimbursement. It is expected the City will receive 75% of the total eligible costs from FEMA and the State has declared that they will reimburse the City for up to 12.5% of the eligible costs. As noted, several projects and equipment purchases were delayed and these will be re budgeted once reimbursement of the funds are received.
- The City embarked on an aggressive campaign in the beginning of 2019 to update or add several major software components in order to increase operational efficiency. These software updates will assist staff in allocating resources to services or current and future projects. These systems are also designed to identify and provide long term maintenance and replacement schedules for all infrastructure throughout the City. Also, direct access systems such as a new registration system for Parks and the Senior Center has been budgeted. Also permit and code enforcement software was implemented to allow on-line applications and the acceptance of credit card payments for these fees. This year's budget includes the maintenance for the upgrades. The full implementation of these systems were placed on hold while the staff responded to the May 27th tornado event but the implementation plan was reinstituted at the end of 2019 and will continue in 2020.
- The budget includes a cost of living increase for all union and non-union employees. This is based on the bargaining units' labor agreements that expire in 2020 for the Communications Workers of America (CWA) and in 2021 for the Fraternal Order of Police (FOP). The 2020 budget reflects a 2.5% wage increase for all employees in 2020.
- This budget includes an addition of one full time employee at the Golf Course. In addition, several departments have been reorganized and have made some position changes. This includes moving from contracted custodial services to hiring three part time City employees to provide better service for our facilities. The golf course also restructured the Food & Beverage area and added two part time Event Coordinators that replace the previous two part time seasonal positions that will remain unfilled. This reorganization was designed to provide more flexibility and supervision of events scheduled at the golf course.
- In anticipation of continuing volatility in the health care industry, the City joined the Ohio Benefits Cooperative (OBC) in 2014. Joining the OBC pool provides the City with stability of current and future insurance rates. The approximate 900 member pool enables negotiated rates to be lower than the City could obtain as a standalone entity with only 120 employees. It is anticipated that this will also slow

projected health insurance premium increases. Although the City has experienced very positive results in the past (increases 2% or less the last three years), this year's increase for plan year (September 2019 to August 2020) was set by the OBC at 5.7%. Although higher than previous years, this is still well below the industry average. The increase by the OBC, in conjunction with the projected increase for the last four months of the calendar year, was blended and factored into the health insurance operating expenditure for the 2020 budget. Based on recently negotiated union contracts, all employee contributions to health and dental insurance premiums are all the same, which provides additional stabilization of this \$2.4m expenditure.

- The City will continue its Employee Wellness Incentive Program for an eighth year. This is the fourth year, through the OBC, that the City is utilizing the PUSH program designed to provide incentives to employees for meeting performance measures by improving their overall wellness scores throughout the year. Participation is up to 55% of all eligible employees and 29% for spouses in 2019. The goal of this program is to educate, promote and reward employees for taking action toward a smart and healthy lifestyle, which in the long-term would help reduce health insurance usage. Ultimately, this will improve the City's experience rate, which directly affects health insurance rate increases. Furthermore, the City continues to research other insurance products and options such as; expanding the Health Savings Account (H.S.A's) program, increasing employee contributions, pursuing plan adjustments, and expanding the employee wellness program to further control this expense, which is the second highest personnel expense in the operating budgets.

Expenditures – Capital

- A total of \$11.4m in street improvement projects are included in the various 2020 Street Capital Improvement budgets. Of this amount, \$6.8m or 59.8% is funded utilizing federal and state grants. These projects include; Dayton Xenia Road Widening (\$3.7m), Kemp Road Construction (\$3.0m), State Route 835 Resurfacing (\$2.0m), Colonel Glenn Enhancements (\$1.3m) and Kemp Road Signal Improvements (\$700k). These projects are in addition to other road widening efforts and some smaller capital projects around the community that have been budgeted.
- With renewal of the 2.0 mill street levy in 2019, the City was able to successfully meet the objective of increasing the residential street rehabilitation and resurfacing miles in 2019. In 2019, the City completed 10.66 centerline miles in 2019. This program had to be delayed in 2019 to cover some of the expenditures related to the tornado event. This program will be reinstated at 2018 levels once the federal and state grant funds are received from the reimbursement of the natural disaster.
- The City had to delay the majority of the capital equipment replacement program in streets to cover the clean-up and recovery cost of the May 27th event. As a result, the City only budgeted \$210k for a replacement only one dump truck (\$185k). The Police Department continued their fleet rotation program designed to provide better fuel efficiency by purchasing hybrid vehicles in 2020. This includes seven replacement vehicles totaling (\$240k). Various other equipment including replacement of mowers, and police multi-purpose trailer have also been budgeted.
- The City has also budgeted approximately \$479k for repairs and upgrades to various City facilities. This includes \$200k for Mt. Zion Cemetery to build a columbarium and walk ways, landscaping and refurbishing of the cemetery building on the site, golf course parking lot and cart path resurfacing (\$105k), and the inclusion of \$100k for sidewalk program.
- With the passage of the Park Levy, the City will continue to double its efforts in removing and replacing trees damaged by the emerald ash bore infestation located throughout our parks. In addition, essential

capital repairs will be completed at several parks including; resurfacing the Rotary Park road (\$125k), replacement of the Dominic Lofino Dock (\$45k), Lofino Center parking log lights (\$40k), along with the first phase of the HVAC replacement program at the Lofino Center (\$30k) and various other improvements have been programmed for 2019. All of these projects could not have been accomplished without passage of the 1.2 mill Park Levy passed in May 2019.

WHAT THE FUTURE HOLDS

The final costs associated with the May 27th tornado event will be expensed in 2020. As noted, capital improvements and equipment purchases have been delayed pending FEMA and state grant reimbursements of the majority of these costs. The timing of these reimbursements will determine the timing of reinstating these programs.

However, to ensure the City's financial stability, residents elected to maintain or enhance services through the passage of three key levies in 2018 and 2019 with the renewal of the Police Levy (4.5 mills), Street Capital Improvement Levy (2.0 mills) and the renewal and increased millage Parks and Senior Center (1.2 mills). This coupled with the success the City has experienced in applying for and receiving grants has further helped to accelerate the City's capital improvement and infrastructure programs. These initiatives coupled with a fiscally conservative budgeting process along with City Council's financial goals of maintaining critical operational services and the implementation of a short term infrastructure repair and replacement plan, should allow the City to continue to provide quality services while maintaining one of the lowest local government costs to residents.

The passage of the Street Capital Improvement Levy has provided a short term solution to address the City's aging infrastructure needs. However, the City's infrastructure needs (i.e. streets, storm water, sidewalks, curbs and City buildings) will continue to increase and pose funding challenges. The identification and condition of the current infrastructure will be accomplished with the new technology the City is implemented in 2019. This new technology will provide information about the location, evaluation results, maintenance or replacement costs, and prioritization of these areas for future funding consideration.

Although the State of Ohio has emphasized the need for local governments to consolidate operations and to work more efficiently, the City has been utilizing these operational priorities for many years thru interlocal agreements and by analyzing opportunities that would decrease costs or create operational efficiencies when appropriate. Additional interlocal agreements are projected in the 2020 budget and the City will continue to look for collaborative efforts to increase operational efficiency while maintaining or lowering costs.

Along with state revenue reductions, there are several important economic factors the City will be watching closely that could negatively impact the City's budget. Although the economy is showing continued signs of recovery, these results are more evident in those municipalities with an income tax. As wages increase and unemployment is reduced, historically, municipal income tax revenue increases. However, our community, which is driven by property taxes, will continue to experience the effects of stabilizing property values. The County Auditor has projected a slight increase in property tax revenue based on the 2019 property values however, some of this will be offset by the reduction of property values related to the timing of the repair or replacement of the properties affected by the tornado. With minor additional revenue generated from new commercial development, stabilized new home sales and slightly increasing property values, the reality is that property tax revenue will not keep pace with continued increasing operating costs. Although some inflationary increases are

budgeted for 2020, any significant increases in critical commodities (utilities, fuel, salt, and asphalt) or weather (excessive snow events) would require some additional expenditure modifications in other areas in order to maintain fund balances in the operating budgets.

CONCLUSION

The budget is the City's financial plan for the upcoming calendar year. It is the most important document for guiding the City's fiscal planning effort faced with a unique challenge. The 2020 budget includes input from residents, businesses, and City Council, as well as staff goals and actions for providing municipal services in a cost effective manner.

With the renewal of several critical levies, along with passage of increased millage on the Parks Levy, and with the philosophy of renewing levies on a continuing basis, the City will be able to continue to maintain current operational service levels residents have come to expect now and the immediate future while accounting for the effects the May 27th tornado had on City operations and long term capital planning. Based on the above process and fiscal summary, I recommend City Council approve the 2020 Appropriations Budget.

Respectfully submitted,

Pete E. Landrum, City Manager

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GENERAL FUND**

FUND PURPOSE:

The General Fund accounts for and reports all financial resources not accounted for and reported in any other fund. The General Fund balance is available to the city for any purpose provided it is expended or transferred according to the general laws of Ohio and the City Charter. Departments within the General Fund include Council, Clerk of Council, City Manager, Human Resources/Risk Management, Finance Department, Information Services, Planning & Development, Planning & Zoning Board, Contractual Services, Building Facilities Maintenance, District Lighting, Cemetery Maintenance, and Capital Improvements.

KEY FINANCIAL FACTORS:

- The General Fund's revenue budgeted for 2020 totals \$4.48m. Major sources of revenue include Property Taxes, License/Fines/Fees, Intergovernmental Revenue, and Interfund Transfers.
- Property Taxes account for almost 35.4% of General Fund revenue. The \$1.59m received in property taxes is generated from the 1.1 mill inside millage, or the "non-voted" millage, as allowed by the Ohio Revised Code. Each year the Greene County Auditor estimates the amount to be collected, which is the amount the city budgets.
- Intergovernmental revenue is the second largest revenue source comprising over 38.9% of revenue. Intergovernmental revenue includes Local Government funds, Cigarette Tax, Liquor & Beer Licenses, and Hotel/Motel tax. Hotel/Motel tax is projected to be \$525k or 30.1%. Local Government is projected to be \$462k or 36.1% of intergovernmental revenue based on the State's revenue projections increasing by \$26k over last year.
- Franchise Fees and Planning and Development Fees make up the two revenue sources in License/Fines/Fees. Franchise revenue is generated from the fees that the phone and cable companies pay the city to have their lines/cables located within the city's right of way. For 2020, Franchise Fees are budgeted for \$565k and makes up 86.3% of License/Fines/Fees revenue. Planning and Development fees make up the remainder at 13.7%, or \$90k.
- Interfund Transfers are approximately 14.2% of General Fund revenue. These transfers come from operating funds including Police, Street Levy, Street Maintenance, State Highway, and Parks Levy which cover the indirect costs of the General Fund per the Administrative Charge Policy.
- Remaining revenue of \$493k, or 11.3% of the fund, include Assessments, Charges for Services, and Miscellaneous Revenue.
- Assessment revenue are funds the city receives based on collection of lighting assessments. Lighting assessments are commercial properties that reimburse the City for the cost of electricity as well as the cost to install and maintain the poles within a special lighting district. These costs are assessed to the property and collected by Greene County via property taxes and then remitted to the city twice a year. Assessment revenue generates approximately \$130k, or 2.9% of General Fund revenue.
- The majority of Charges for Services revenue is comprised of the sale of cemetery lots along with burial and footer charges which is projected to generate \$92k. Charges for services also includes Beavercreek Township's reimbursement to the city for their share of printing and postage of the InTouch expenses, mowing reimbursements, and vacant property registrations.
- Miscellaneous revenue is generally comprised of interest income, sale of assets, rebates (including Workers Compensation rebates, purchasing card spend rebates), and other miscellaneous items. Interest Income is projected to be \$235k in 2020, a significant increase of 24% over last year due to higher rates of return on investments.
- Minimum cash reserves have been established for the General Fund at 20% of operating expenditures.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GENERAL FUND**

- The majority of expenditures in the General Fund are Personnel, Transfers Out, and Contractual Services. Total budgeted expenditures for the General Fund for 2020 are projected to be \$5.48m.
 - All departments within the General Fund have personnel expenditures except for Contractual Services, Planning & Development Boards, and District Lighting. Personnel related expenditures make up 35.1% or \$1.93m of the General Fund.
 - Transfers Out total \$2.28m, which is a 53.9% increase over 2019. The majority of this is comprised of a \$570k advance to the Street Levy Fund to cover tornado clean up expenses. \$1.47m of the transfer is for the Golf Course to cover the construction and judgment bond debt service, capital improvements, equipment, and projected operating losses which is up 8.2% compared to prior year. Almost half of the increase is to cover capital items relating to maintain the course, the other half \$116k is to cover increased operating losses. There is also \$240k transferred to the Park Levy Fund and an additional \$1k is transferred to the Wellness Program.
 - Contractual Services expenditures make up 14.9% or \$821k of the General Fund budget. The larger expenditures within Contractual Services includes Greene County Combined Health Services, annual audit fees, membership fees, legal fees, economic development expenditures, the General Fund's share of risk insurance, and electricity and light pole maintenance in the District Lighting department.
 - The two remaining expenditure categories within the General Fund are Commodities and Capital. Commodities include operating and office supplies, postage, computer licensing/maintenance fees, gas for city vehicles, mileage reimbursements, vehicle maintenance, and cleaning supplies. See Budgeted Highlights below for capital.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GENERAL FUND**

LEVY CYCLE:

The General Fund does not have a voted levy. The General Fund receives approximately \$1.59m in non-voted inside millage.

GOALS/OBJECTIVES:

City Manager -

As part of the budgetary process the City Manager, in conjunction with department heads, has assisted in the development of individual departmental goals and objectives. The City Manager will continue to work with, provide guidance and assistance as needed to all departments in order to reach their departmental goals and objectives.

- Complete a citizen's survey/questionnaire on various topics and issues to assist with near and long-term initiatives.
- Ensure City/City Council policy directives are implemented promptly and efficiently.
- Continue active dialogue with neighboring communities regarding shared services.
- Develop strategies to provide long-term operational stability and sustainability.
- Continue to work with staff to identify and implement long-term infrastructure funding mechanisms to meet future needs.
- Hold a Council Management Strategy Session in July/August 2020 to discuss and build consensus with City Council for policy initiatives of interest for 2021.

Clerk of Council -

- Continue to work towards obtaining Master Municipal Clerk designation.
- Continue to comply with new or modified legal mandates at the local, state, and federal levels.
- Coach new council members to help them adapt into their new roles on Council.

Human Resources / Risk Management -

- Execute a performance based merit program for all full time/part time non-union employees.
- Implement an electronic new hire onboarding process.

Finance Department –

- Continue to provide exceptional financial services to the city as evidenced by obtaining the various awards for excellence in financial reporting.
- Develop long term financial strategies and alternatives to address the funding and timing of the city's levies.
- Implement new financial reporting application designed to increase operational efficiencies and financial reporting

Information Services –

- Review alternatives for maximizing the City's exposure of information through various sources.
- Refresh and update the City's website through an upgrade with our existing vendor or identify alternatives.
- Continue to increase programming on Channel 5 and other outlets to educate residents on current and future issues.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GENERAL FUND**

Planning & Development –

- Have the amended Land Use Plan approved by City Council in early 2020.
- Rollout the Community Reinvestment Area (CRA) program with the goal of processing applications first quarter of 2020.
- Have City Planner assist with marketing initiatives for April 1, 2020 Census Day.
- Oversee needed maintenance of the 911 Memorial structure.
- Compete legislation for the Beavercreek Development Corporation in early 2020.
- Continue to work with FEMA on floodplain adjustments and help facilitate communication with property owners until their study is finalized.

Cemetery Maintenance -

- Complete Mt. Zion Park Cemetery enhancement project plan specifications with construction to begin in 2020.
- Purchase and implement a new cemetery management software to digitize cemetery records.
- Increase aesthetics of cemeteries by replanting trees, implementation of the weed/fertilization programs & replace fencing at Sunnyside Cemetery.

BUDGET HIGHLIGHTS:

Service Assumptions –

- Concentration has shifted to the continued development and redevelopment of the City and to provide tools and incentives to potential businesses to assist in this goal. This includes the implementation of the Beavercreek Development Corporation (BDC), Community Reinvestment Act (CRA), and expansion of the Property Assessed Clean Energy (PACE) grants.
- Continue neighborhood clean-up programs.
- Hire a Code Enforcement Intern for emphasis on spring/summer code enforcement compliance.

Significant Changes in Revenue and Expenditure Projections -

- In 2019 there was repayment of an advance received from the Golf Course fund to pay down the due to due from accrued amount. Since this was paid down there is no advance budgeted for 2020.
- Interest income has been budgeted to increase by \$45k or 24% in 2020, based on increasing short and long term interest rates.
- Franchise fees are anticipated to decrease by \$75k or 12% due to reduced franchise fee revenue because of decreased usage in cable services.

Capital Improvements –

- Capital improvements in the General Fund consist of \$90k slated for the sidewalk program, \$200k worth of improvements at Mt. Zion including construction of a columbarium, and \$111k to use for a Beavercreek Community Development Investments (2018 and 2020 Grants from Greene County.)

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GENERAL FUND**

Equipment Replacement Schedule –

- Various computers are being replaced as part of the technology replacement program.

Staff Levels –

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

POLICE OPERATING FUND (202), LAW ENFORCEMENT FUND (223), VARIOUS SPECIAL POLICE FUNDS, GRANT FUNDS (245)

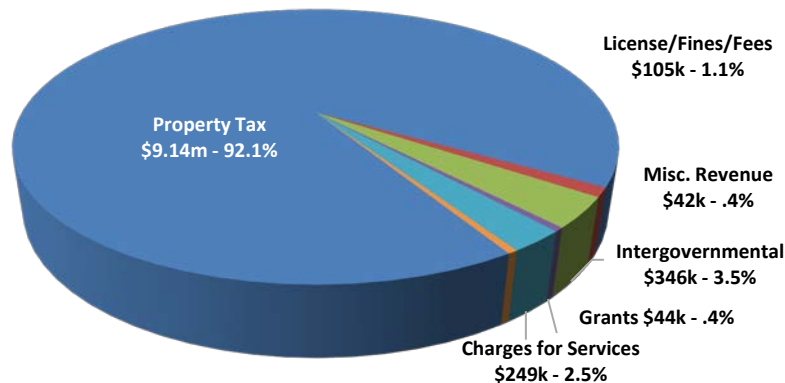

FUND PURPOSE:

The Beavercreek Police Department's primary responsibilities is to work in partnership with the community, safeguard life and property while ensuring the rights of all people, and thereby enhancing the quality of life for the residents. The fundamental goals are to: maintain order in the community, protect life and property, suppression of criminal activity, apprehension and prosecution of offenders, regulation of non-criminal conduct and preservation of the public peace.

KEY FINANCIAL FACTORS:

- Police Operating Fund (Fund 202) is the main operating fund used for police operations. The budget is \$11.25m for 2020. The Department is funded primarily with property taxes, which comprises \$9.14m and represents almost 92.1% of revenue. The majority of remaining revenue is generated from shared services for Fire Dispatch with Beavercreek Township, School Resource Officer reimbursements, and extra security duties along with the state's 911 State Shared Funds.
- Over \$8.55m or 75.9% of the fund expenditures are derived from personnel costs. Contractual Services represent the second largest expense category, which includes contractual agreements for municipal courts, prosecution services, prisoner care, victim assistance programs, and various software maintenance agreements. This category also includes the Interfund charge for indirect cost of services provided by the General fund and represents \$332k.
- Law Enforcement (Fund 223) and Federal Forfeiture (Fund 229) are funded through restitutions and sale of forfeited assets. These funds are used to support ACE Task Force and RERT Contributions and help with specialized training for officers and the capital needs of police operations.
- The Police have other various Special Revenue funds depicted in detail in the budget. One of these is the Police Grants (Fund 245), which is used to isolate Ohio Department of Public Safety reimbursement for two safety traffic programs used to reimburse expenses for overtime wages, benefits and fuel.
- Minimum cash reserves have been established for Police Operating Fund at 20% of expenditures.

2020 Police Funds - Revenues by Category
\$9.92m

2020 Police Funds - Expenditures by Category
\$11.25m

CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
POLICE OPERATING FUND (202), LAW ENFORCEMENT FUND (223), VARIOUS SPECIAL POLICE FUNDS, GRANT FUNDS (245)

LEVY CYCLE:

- Indefinite 0.9 Mill Levy that generates an estimated \$350k annually.
- Indefinite 3.0 Mill Levy that generates an estimated \$1.57m annually.
- Indefinite 1.2 Mill Levy that generates an estimated \$725k annually.
- Indefinite 0.3 Mill State Authorized Levy dedicated to paying Police Pensions estimated to be \$430k annually.
- Continuing 4.5 Mill Renewal Levy passed in November of 2019 and generates \$6.05m annually.

GOALS/OBJECTIVES:

- Mission: Prevention and Deterrence of Crime, Apprehension of Offenders, Community Engagement, and Utilization of Resources.
To expand on this mission the following 2019 goals have been established:
 - Host CALEA on-site assessment to achieve re accreditation in 2020.
 - Administer the Selective Traffic Enforcement and the Impaired Driving Enforcement Program grants awarded by the Ohio Traffic Office for 2019-2020 grant year.
 - Appoint a temporary Deputy Chief to work directly with the Chief until his retirement in 2020.
 - Conduct “Safety Town” events to educate pre-school children about safety.
 - Conduct Police Department Open House and National Night Out community events.

BUDGET HIGHLIGHTS:

Service Assumptions -

- Despite an increase in demand for police services, of over 51% since 2011, and a projected 10% increase over last year’s calls for services, staffing levels will remain the same in 2020, which includes 50 sworn officers and 11 Communications Operators.
- Property tax revenue projections have been projected for an increase of approximately 3% over 2019.

Training -

- The Ohio Peace Officer Training Commission (OPOTC) is directed by the ORC to set a minimum number of hours for continuing professional training. In the past OPOTC reimbursed the department based on the minimum number of hours required. As was the case in 2019, there are no funds available for reimbursement, therefore the OPOTC is not mandating any CPT hours for 2020. Even though there are no funds available for reimbursement in 2020, the department will complete the recommended training, which will continue to be funded in the 2020 budget.

Significant Changes in Revenue and Expenditure Projections -

- Court Fees are projected to increase approximately 13% due to Fairborn Municipal Court fee increases.
- DARE Grant reimbursement is expected to decrease by approximately 25% compared to 2019.
- Police Administration expenditures are projected to increase \$27k due to temporary Deputy Chief assignment pay increase of 5% and retirement payout.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

POLICE OPERATING FUND (202), LAW ENFORCEMENT FUND (223), VARIOUS SPECIAL POLICE FUNDS, GRANT FUNDS (245)

Capital Improvements -

- No major capital improvements are slated for 2020.

Equipment/Vehicle Replacement Schedule -

- The 2020 budget reflects continuation of the fleet rotation with the replacement of five patrol vehicles, two unmarked vehicles, and one multipurpose enclosed trailer.

Staffing -

Status	Position Description	2018	2019	2020	2019-2020 Change

2020 PROPOSED BUDGET***

POLICE OPERATING FUND (202), LAW ENFORCEMENT FUND (223), VARIOUS SPECIAL POLICE FUNDS, GRANT FUNDS (245)

Additional Factors -

- The building remains a significant concern because of space and security issues. The last two onsite accreditation reviews cited a number of concerns regarding space issues in the locker rooms, property room, prisoner holding and storage areas. In addition, the lack of enclosed secure parking area continues to pose significant security concerns, which were specifically identified by the CALEA assessors during the last onsite review.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)

FUND PURPOSE:

Provide street repair and maintenance, issues and monitors annual street paving contracts, and accounts for major capital infrastructure street improvements as part of the five-year capital plan.

KEY FINANCIAL FACTORS:

- These funds are funded through a mixture of property taxes and state levied gasoline tax and motor vehicles license registration fees.
- Fund 203, Street Levy, is the only operating street fund from where personnel and benefits are paid. The majority of revenue generated in this fund are property taxes (90%). Due to tornado related expenditures in 2019 and 2020 all capital improvements/projects were moved to Fund 204.
- Fund 204, Street Maintenance, is used for operations/maintenance, annual paving and capital projects. Typically, the majority of revenue generated in this fund is through gasoline taxes and registration fees (which the state increased by almost 70% in 2019) which are budgeted at \$3.16m for 2020. However, for 2020, over \$2.65m has been budgeted as grant revenue for the Kemp Rd. Signals and Dayton Xenia Widening projects.
- Fund 205, State Highway, funds one equipment operator, pays for 200 tons of salt, along with upkeep/maintenance on US 35 and the N. Fairfield interchange (guardrails/landscaping/street lighting). The majority of revenue generated for this fund is gasoline taxes (89.4%) and motor vehicle license fees (9.7%) both passed through the state. Fund 205 is also impacted by the state's increase in gasoline tax revenue.
- Fund 260, Street Improvement Levy, is used for annual paving and resurfacing, curb repairs and capital projects. 100% of the revenue generated in this fund is from the two mill property tax levy approved in 2014.
- Fund 408, Capital Improvement, is used for street infrastructure projects. All of the revenue in this fund is from vehicle licenses, registrations & fees.
- The Street operating funds (203 & 204) receive administrative services from multiple departments within the General Fund. These funds reimburse the General Fund for the cost of the services received per the Administrative Charge Policy.
- Minimum cash reserves have been established for the Street Levy Fund at 20% of operating expenditures.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)

LEVY CYCLE:

Continuous 1.0 Mill Renewal Levy that was renewed in November of 2017 and generates an estimated \$1.34m annually.

Continuous 2.0 Mill Street/Capital Levy was renewed in March 2019 and is estimated to generate \$2.60m annually.

Five-Year 3.4 Mill Levy will expire in 2021 and generates an estimated \$4.60m annually.

GOALS/OBJECTIVES:

Streets -

- Purchase one new tandem axle dump truck/snow plow for 2020 in an effort to improve operations and reduce the age of the fleet along with a reduction in down-time for maintenance and repairs. This truck will primarily be assigned to U.S. 35 but will also be useful along many main roads including North Fairfield, Dayton-Xenia, Grange Hall, and Kemp.
- Improve streetscape areas to improve maintenance.

Traffic -

- Replace Street Lighting with LED Light heads as needed.
- Continue annual Street Lighting lens cover cleaning program. Anticipate completing 20% in 2020.
- Coordinate city logo rebranding sign and decal manufacturing.

Building/Grounds Facilities -

- Continue Master Maintenance Agreements and Schedules with outside vendors.

Fleet Maintenance -

- Continue organizing parts and materials storage in garage area.

Overarching Goals (Streets, Traffic, Building/Grounds, and Fleet Maintenance) -

- Continue improving communication and working relationships between labor and management including continuing to work with the Public Service Safety, Training, and Accreditation committees.
- Continue overall training and certifications within departments including cross-training between various sections.
- Continue looking for opportunities for networking with neighboring communities including shared services.
- Upgrade Fuel Island to accept the same card used for timekeeping and building access.
- Continue GIS Data Collection and Development in 2020. Build asset information within Asset Essentials.
- Completion of 2020 Tree City USA requirements.
- Build upon Dude Solutions Asset Essentials platform in 2020. Implement parts inventory features to increase expense tracking.
- Continue APWA Accreditation requirements with expected evaluation in 2020.
- Complete an in-house Public Service Department Strategic Plan.
- Continue with employee training and development initiative.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)

Engineering –

- Plan, direct and supervise the annual construction programs throughout the City as noted in the Five-Year Capital Improvement Plan. This includes issuing contracts for infrastructure projects, monitoring each project, requesting payment of grant reimbursements, and purchasing land for right of ways. This would include ongoing and proposed private developments, right of way acquisitions, consultant contracts, in house sewer design projects, Ohio Department of Transportation (ODOT) projects, non ODOT construction projects and Phase II MPDES storm water permit.
- Prepare grant applications for new Federal Aid, Ohio Public Works Commission, Clean Ohio, Rails to Trails Fund (RTF) and Community Development Block Grant Projects, in addition to other funding sources.
- Coordinate Annual Resurfacing Bids with Greene County Engineer's Office.

BUDGET HIGHLIGHTS:

Service Assumptions -

- Full-time staffing will remain at current levels to ensure existing level of service for street maintenance activities including snow removal.
- The city budgets for an average snow and ice event season. A total of 6,000 tons of salt is budgeted across funds 203, 204, & 205. Salt prices remained the same as last year at \$88.23 per ton. In addition, any extreme or light season will effect actual expenditures for wages/benefits/overtime and commodity costs (i.e. gasoline/diesel and salt purchases).
- The city will continue to use contractors to assist with snow removal in cul-de-sacs during large storm events.
- Resurfacing will be budgeted at \$1.39m split between the 204 fund and the 260 fund. (Historically, resurfacing is budgeted for \$2m.) Curb work is budgeted for \$400k, which is a \$75k increase from 2019.
- Priority has also be placed on addressing side paths adjacent to City roadways with \$100k budgeted for this year. This is a new budget item and is funded from Funds 101 and 204 (\$90K, and \$10K respectively).
- Due to all the May 27th tornado cleanup, an advance of \$570K from the General Fund is necessary to obtain the 20% fund balance requirement for the 203 street fund

Significant Changes in Revenue and Expenditure Projections -

- Property tax revenue is budgeted to remain the same as 2019.
- Gasoline tax and license fees will increase because of legislation implemented at the State level effective July 2019. We estimate receipt of an additional \$1m, which is a 70% increase from 2019. This additional revenue helped limit the budget reductions needed to cover the cost associated with tornado cleanup which includes grinding and transporting vegetative debris to an EPA approve site.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

STREET LEVY (203), STREET MAINTENANCE (204), STATE HIGHWAY (205), STREET IMPROVEMENT LEVY (260) & CAPITAL IMPROVEMENT FUND (408)

Capital Improvements -

- The Engineering Department has compiled a detailed five-year capital improvement program, which includes updated project completion dates and grant funding. It is assumed that these projects will be paid for from existing funds and the city will not issue any debt or capital project loans to fund these projects.
- The majority of infrastructure projects in these funds are largely supported by grant funds. The 2020 Budget has \$11.4m in capital projects of which \$6.8m is funded through grants representing 59.8% of the total cost.

	<u>Capital Outlay</u>	<u>Grant Funding</u>
Fund 203	\$ 0	\$ 0
Fund 204	\$ 4,760,000	\$ 2,654,600
Fund 260	\$ 6,250,000	\$ 4,171,529
Fund 771	\$ 400,000	\$ 0
Total	\$11,410,000	\$ 6,826,129

Equipment Replacement Schedule -

- The one major piece of equipment budgeted for replacement in 2020 is a tandem axle dump truck with a V-box Spreader (\$210k) to be used primarily on US 35. This represents a reduction of one truck that was to be budgeted as part of the fleet replacement cycle.
- Several maintenance and repair projects, equipment and vehicle purchases, were delayed totaling \$609k due to the budgetary impact of the Memorial Day tornado clean up.

Staffing -

Grand Total		35.9	36.28	36.28	-

*Seasonals not included

Note: When the Computer Systems Coordinator retired, the position was restructured and categorized as an Engineering Technician providing additional services to the division.

Additional Factors:

- The Ohio Revised Code requires projects that receive grant funding be budgeted for the cost of the total project versus just the local share. These arrangements are considered pass through grants. This requirement makes budgets look much larger and can cause large fluctuations in the revenue and expenditure summaries by category.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

PARK LEVY FUND (279), COMMITTED PARK MONIES (712), MISCELLANEOUS TRUST FUND (750), BEQUEST FUND (816)

FUND PURPOSE:

The Park Levy fund was implemented in 2015 to account for levy proceeds and charges for services designed to operate and maintain city parks, to preserve natural areas, to promote health and wellness, to provide quality leisure opportunities, and to increase cultural awareness for the benefit of the Beavercreek community. This levy also funds the capital improvement plan for the park system and provides funding for the debt service related to the Lofino Plaza renovations.

KEY FINANCIAL FACTORS:

- The majority of the Park Levy Fund (279) revenue is generated from a 1.2 mill property tax levy, which represents \$1.6m or 60.1% of annual revenue. In addition, there is a \$240k annual transfer from the General Fund to support operations and capital improvements. Other revenue sources are fees generated from programs and donations that cover the cost of citywide/special events (i.e. 4th of July, Fishing Derby, Try-a-Truck, etc.), membership fees, rental revenue, and grants totaling \$235k from Greene County Council on Aging. There are also shared services reimbursements received from Beavercreek Township for Rotary Park and the Beavercreek Township Park District for mowing and general maintenance of Community & Victory Parks.
- Committed Park Monies (Fund 712), collects and accounts for fees which are charged to new residential subdivisions. These fees can be used for the acquisition, development and improvement of park and recreational facilities.
- Miscellaneous Trust (Fund 750), is used to collect and hold assets in a trustee capacity. In addition to grants, donations are also held for the Senior Center Growth Fund, camp scholarships, and park improvements. Expenditures can only be spent for the designated use of these revenue sources.
- Cemetery Bequest (Fund 816), are monies that have been received based on a percentage of cemetery fees. Per policy, the principal amount of these fees are to remain intact with interest revenue to be used for the general care, maintenance or upgrade of the city's cemeteries.
- Minimum cash reserves have been established for Park Levy Fund at 20% of expenditures.

CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
PARK LEVY FUND (279), COMMITTED PARK MONIES (712), MISCELLANEOUS TRUST FUND (750), BEQUEST FUND (816)

LEVY CYCLE:

Continuing 1.2 mill Parks and Senior Center Levy. The levy was originally passed in 2015 as a .9 mill levy. In 2019 the millage was increased by .3 and at that time was made continuous. The 1.2 mill levy is estimated to generate \$1.6m annually.

GOALS/OBJECTIVES:

Parks -

- Perform ADA Accessibility Assessment of all park facilities.
- Repave the road within Rotary Park from Dayton-Xenia to ball diamonds.
- Replace fishing dock at Dominick Lofino Park.
- Create walking trails at Fox Run Park complete with tree identification signage.
- Plant one acre of wildflower pollinator areas.
- Build and install 20 bluebird houses within various parks.
- Plant 40 trees within various parks.
- Begin reforestation program at Overlook Reserve Park in coordination with ODNR Division of Forestry.
- Create a plan for the replacement structure for the Tobias-Zimmer Barn at Wartinger Park.
- Develop and implement at “Parks Maintenance Playbook” to assist in staff training and setting maintenance standards within each park.
- Begin process for Commission for Accreditation of Park and Recreation Agencies (CAPRA).

Recreation –

- Work with Park Advisory Board to hold at least two meetings with volunteer/partner groups (emphasis is to explain the Parks division, our mission, goals, and how we can help each).
- Expand partnership with Beavercreek City Schools for summer day camp program. Revise camp program to increase participation by 10% and reduce waiting lists.
- Create new 5-year plan for “Recreation” based on 10-year master plan. Identify areas of priority for growth in recreation program (including how to retire programs to make room for growth).
- Utilize new cost recovery policy for setting program fees and charges in recreation program and senior center. Transition to new fees where appropriate in 2020 and communicate reasoning behind changes to staff and public.
- Update recreation plan.
- Increase usage at C.I. Beaver Hall and Lofino Plaza.
- Use feedback from participant surveys to form program plans (i.e. summer concerts, day camp, and adult soccer and softball).
- Revamp/replace Party in Your Park series of events to better engage with our park neighbors.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

PARK LEVY FUND (279), COMMITTED PARK MONIES (712), MISCELLANEOUS TRUST FUND (750), BEQUEST FUND (816)

Senior Center –

- Assess facility use by identifying most active days and times at the Center. Evaluate facility use and staffing needs vs staffing schedules.
- Assist in development of cost recovery policy. Evaluate fees for membership, classes and events based on cost recovery goals.
- Create facility maintenance plan including replacement needs of equipment.
- Work with new custodial staff to identify priorities and facility cleaning and event preparation including weekly, monthly and annual schedules for custodial needs.

BUDGET HIGHLIGHTS:

Service Assumptions -

- We will continue with our theme of “Taking Care of What We Have”. Projects in 2020 include repairing the road through Rotary Park, replacing the dock at Dominick Lofino Park, completing an ADA assessment of all parks and beginning a deferred maintenance plan that begins with replacing HVAC units at the Senior Center.
- Staffing levels will remain the same except for adding two (2) part time building attendants to take the place of contracted cleaners at the Senior Center, Lofino Plaza and C.I. Beaver Hall.
- Membership levels at the senior center continue to increase with the popularity of the fitness room along with new programming. Revenue at the senior center for programs, special events and trips continue to increase also.
- Adult soccer has leveled out; staff runs 3 sessions (spring, summer and fall) and each season is full at 196 individuals. Adult softball has been declining through the years, which is the trend throughout the area.
- Summer camp was successful again this summer; each week it ran at maximum capacity (50) with a waiting list. Recreation staff ran a specialty camp this summer for a second year in a row with attendance figures growing.
- With the addition of a part time programmer in 2019, we are researching new classes to be offered with a wider variety of programming.
- Now that the city owns Rotary Park, the Rotary Park division was closed out and disbursed between Park Maintenance and Recreational Programs in the Park Levy Fund. This re allocation of budgeted amounts (and historical expenditures) is reflected in the 2020 Proposed Budget.

Significant Changes in Revenue and Expenditure Projections -

- The County Auditor’s projection for property tax revenue is budgeted for \$1.56m, which is an increase of approximately 27% due to voted increased millage in 2019.
- There is a significant decrease in Charges for Services due to the township no longer paying a maintenance agreement since the City took ownership of Rotary Park in 2020.
- The Senior Center is increasing the number of classes offered and increased participation in outings and events is anticipated.
- The T-ball programs at Rotary Park are seeing a slight decrease in anticipated participation for 2020 and well as a decreased participation in the Golf Scramble, however Special Event revenue is anticipated to be up by 74% due to an increase in planned events. Adult soccer has leveled out, adult softball continues to decline which is the trend throughout the area. Summer camp continues to be extremely successful.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET**

PARK LEVY FUND (279), COMMITTED PARK MONIES (712), MISCELLANEOUS TRUST FUND (750), BEQUEST FUND (816)

- Overall, operating expenses are projected to decrease by about 4.4% in 2020. The majority of this decrease is reflected in Capital Improvements, which is down approximately 30%.

Capital Improvements -

- Capital projects scheduled for 2020 in the Park Levy Fund include Americans With Disabilities Act assessment at all parks (\$30k) Rotary Park Rd. paved from front of entrance to back of park (\$125), replace dock at Dominic Lofino Park (\$45k), Lofino Center parking lot lights (CDBG grant for \$32K, our share is \$8k), along various other improvements have been programmed for 2020.

Equipment/Vehicle Replacement Schedule -

- Major equipment purchases for the park department includes a Jacobsen mower (\$65k) and several utility carts. The Senior Center will spend \$4k on a washer and upgrades to the audio system in the great room.

Staffing:

Status	Position Description	2018	2019	2020	2019-2020 Change
Full-Time	Superintendent	1	1	1	-

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GOLF COURSE FUND (572)**

FUND PURPOSE:

The Golf Course Fund is considered an enterprise fund, which has been established to account for all operations of the city's golf course. The fund is designed to record revenue (Charges for Services and Interfund Transfers) and expenditures for the operations of the golf course.

KEY FINANCIAL FACTORS:

- The Golf Course Fund's primary revenue sources are Charges for Services \$1.31m or 46.9%, and Interfund Transfers totaling \$1.47m or almost 52.8%. Charges for Services is comprised mostly of golf fees and food and beverage revenue. Examples of golf fees include season passes, green fees, cart fees, merchandise sales, driving range, and other miscellaneous golf sales, which are projected to generate approximately 63.6% of Charges for Services revenue. Food & Beverage sales comprise over 35.7% of revenue with the remainder being other miscellaneous revenue.
- The General Fund also transfers funds to the Golf Course each year to cover the debt service payment, which includes the golf course's construction and judgment bonds representing \$922k. The annual transfer from the General Fund also covers the projected operational shortfall of \$438k and equipment replacement of \$113k in 2020.

**2020 Golf Enterprise Fund - Revenues by Category
\$2.79 million**

**2020 Golf - Expenditures by Category
\$2.79 million**

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GOLF COURSE FUND (572)**

GOALS/OBJECTIVES:

- Operating revenues to cover 85% of all operating expenses.
- Continue to market and promote youth golf by hosting two summer Junior Golf Camps and continuing the program where children under age 12 play free with an adult program.
- Promote wedding events through aggressive marketing and attendance at regional bridal show events.
- Pursue opportunities to host additional Ohio High School Athletic Association district golf championships.
- Continue to explore different food and beverage activities and events that will attract different users to the facility.
- Continue analysis of upgrading the practice range along with evaluating the feasibility of a comprehensive practice range renovation.

BUDGET HIGHLIGHTS:

Service Assumptions -

- The 2020 budget includes the addition of a full time Sous Chef, which will be offset by decreasing part time wages. Additionally, two part time Event Coordinators will be hired to replace the part time Front Desk Assistant and seasonal Banquet Captains. Replacing seasonal employees with part time will allow for more stability in staffing levels.
- Do to the decline in the number of rounds of golf the mid-day shift, part-time and seasonal pro shop employees, will be eliminated.

Significant Changes in Revenue and Expenditure Projections -

- One of the changes noted in 2019, was the reintroduction of the all-inclusive season passes. This adjustment allows the golf course to continue to match surrounding golf course seasonal rates so that the course can remain competitive.

Capital Improvements/Equipment/Vehicle Replacement Schedule -

- The 2020 capital budget includes replacing pavers in front of the clubhouse, soffit and gutter repairs, and crack seal and seal coating the parking lot (\$55k). Cart path resurfacing will also take place for several of the front nine holes (\$50k).
- The City has budgeted for the third year of lease payments (\$82k/yr.) for new golf carts purchased in 2018 and the fourth year of the spray rig lease (\$13k) that was purchased in 2016 which are included in capital.

**CITY OF BEAVERCREEK
2020 PROPOSED BUDGET
GOLF COURSE FUND (572)**

Staffing -

Status	Position Description	2018	2019	2020	2019-2020 Change
Full-Time	Golf Course Manager	1	1	1	-
	Golf Professional	1	1	1	-
	Food & Beverage Manager	1	1	1	-

	Maintenance	2	2	2	-
Part-Time Total *		5	5	6	1.00
Grand Total		13	12.07	14.07	2.00

*Seasonals not included

Additional Factors -

The Golf Course is in the process of evaluating the feasibility of renovating a new practice area, which could involve revitalizing three holes. Increasing amenities at the range would also prolong use of the range later into the season as play is moved off the grass. Additionally, the amount of interest that is generated from this renovation, along with a projected increase in revenue from these minor changes, will assist in determining if it will be cost beneficial to invest in phasing in a larger more comprehensive range and golf course renovation.
