

# BEAVERCREEK IN TOUCH

FOR BEAVERCREEK CITY AND TOWNSHIP RESIDENTS

SUMMER 2023

## City of Beavercreek renews electric aggregation program with Dynegy

Beavercreek City Council has voted to renew the city's electric aggregation program for another 24-month term. Following a competitive bid process, the city has selected Dynegy's fixed price of 6.928 cents per kWh, which will be applied to customers' bills beginning in August 2023 and will remain in effect through August 2025. Customers will also have the choice to opt into a renewable energy option at 7.310 cents per kWh.

Beavercreek residents and business owners currently enrolled in the city's electric aggregation program with Dynegy are paying a fixed rate of 4.580 cents per kWh, which is set to expire in August 2023. Residents who were locked in to this fixed rate have saved a significant amount of money while electric rates more than doubled over the past two years.

"The city is committed to providing affordable and sustainable energy options to its residents," said Pete Landrum, city manager. "This new rate of 6.928 cents per kWh is a significant relief considering the average price for electric in Ohio is above 10 cents per kWh. By locking in this low rate, we ensure our residents will continue to experience substantial price savings over the next two years."

The city's electric aggregation program was established in November 2003, when Beavercreek residents authorized the creation of an electric aggregation program to seek lower electricity rates for residents and small business customers who are located within Beavercreek city limits.

Under this program, city officials bring citizens together to utilize group buying power for the purchase of competitively priced electricity from a retail electric generation supplier certified by the Public Utilities

Commission of Ohio (PUCO). Before a contract expires, the city collects competitive bids to decide on a supplier for the subsequent cycle.

In late June, residents and small business owners will receive an opt-out letter from the City of Beavercreek and Dynegy with information about the electric aggregation program, including terms and conditions and information on how to opt-out. Residents are not required to participate in the city's electric aggregation program.

To join or remain in the program, no action is required. If a resident or small business owner does not have an agreement with another electric supplier for services and they do not opt-out, then they will automatically be enrolled into the program. There is no enrollment, switching, or early termination fees, and customers may opt-in or out of the program at any time without a penalty.

Residents may also choose a third-party supplier. A list of options and providers can be viewed at Ohio Energy Choice. Residents can find out who their current energy supplier is by checking the back of their most recent billing statement under supply charges.

Visit [beavercreekohio.gov/electric](http://beavercreekohio.gov/electric) or scan the QR code for more information about the city's electric aggregation program.

# Beavercreek City Council in Action

Members of Beavercreek City Council encourage residents to attend council meetings, which are held on the second and fourth Monday of each month at 6 p.m. in the city's council chambers, located inside of Beavercreek City Hall, 1368 Research Park Drive.

During their meetings, city council passes legislation and authorizes budget expenditures related to the management and operation of the city, as well as the health, safety, and wellness of the Beavercreek community. Some agenda items recently approved by council include:

- Resolution 23-19 authorizing the city manager to enter into an agreement for all services related to supplying the electric requirements for the city's electric aggregation program.
- Multiple resolutions to finalize grant agreements and allow the city to begin planning for the widening of North Fairfield Road and Indian Ripple Road, as well as the resurfacing of Colonel Glenn Highway and Grange Hall Road.
- Resolution 23-20 allowing the Chief of Police to accept grant money from the Ohio Attorney General's Office for the department's DARE program that helps hundreds of children every year learn and practice good decision-making skills to lead safe and healthy lives.
- Resolution 23-27 to adopt a master plan for the City of Beavercreek's newest and now largest park, Spring House Park. The master plan was developed based on community input and acts as a guide for the planning and development of the new park.

City Council at 2022's Fourth of July Celebration

Agendas for every council meeting can be found on the city's website, [www.beavercreekohio.gov](http://www.beavercreekohio.gov). If you are unable to attend a meeting, all city council meetings are recorded and posted to the city's YouTube channel and aired on the city's public access channel, channel 5 on Spectrum and channel 99 on AT&T U-Verse.

Every council meeting includes time for public comment, where guests have three minutes per person to address council. Please remember, this time is not question and answer format. Residents may contact their council members through the contact information listed on the back page of this newsletter.

## Sign up for City of Beavercreek's first Citizens Academy

The City of Beavercreek is excited to announce that the city is now offering a Citizens Academy, a six-week program that offers behind-the-scenes access to city programs and services. This program provides an excellent opportunity for Beavercreek residents and business owners to learn about city departments and divisions and how they operate.

In-person classes will be held Thursday evenings from 6 to 8 p.m. and will run from August 24 through September 28, 2023. Each class will focus on a different city department or division, including finance, engineering, public service, parks, planning and development, police, and more. The sessions are interactive and include activities such as facility tours, exploring equipment, and demonstrations.

The academy is free of charge, and all Beavercreek residents and business owners are invited to participate. We encourage you to sign up as soon as possible as space is limited. We hope you will take advantage of this opportunity to learn more about how the City of Beavercreek operates and how you can get involved in making Beavercreek an even better place to live and work!

Visit [www.beavercreekohio.gov/academy](http://www.beavercreekohio.gov/academy) or scan the QR code to view a schedule and register.

# City of Beavercreek receives \$8.4 million through MVRPC for road projects

The City of Beavercreek has been awarded more than \$8.4 million in Federal grants through the Miami Valley Regional Planning Commission (MVRPC) to fund the reconstruction, repaving, and improvement of several major roadways throughout the city. This funding will help to modernize and enhance the city's transportation infrastructure, improving the safety and accessibility of local roads for both drivers and pedestrians.

"This is a significant investment in the future of the City of Beavercreek," said Pete Landrum, city manager. "By improving the city's infrastructure these projects will help to support economic growth and enhance the quality of life for our residents. We want to commend MVRPC for its commitment to the region's future and the city's engineering division for its proactive efforts to secure this funding for these vital projects."

The seven projects that will benefit from the grants include widening portions of Beaver Valley Road, Indian Ripple Road, Kemp Road, and Shakertown Road, as well as resurfacing of North Fairfield Road and Pentagon Boulevard. A street light project along State Route 835 will also receive funding to replace existing high-pressure sodium lighting fixtures with upgraded LED fixtures.

"These projects will help to transform the transportation landscape of Beavercreek, making it safer and more accessible for residents and visitors," said Jeff Moorman, public services director and city engineer. "The addition of new sidewalks, paths, and storm sewers will further improve the overall infrastructure of the city."

The city will provide additional funds to match the grants, a requirement the city is able to meet following the passage of a streets levy last fall.

"With additional street funding, the city is able to utilize levy dollars to apply for more grants, further maximizing taxpayer's dollars," said Landrum. "The city heavily relies on grants for major projects and because of our engineer's aggressive efforts to secure grant funding, the City of Beavercreek has been awarded more than \$116 million in grants since 1997."

The projects will be carried out over the next several years, with the city's engineering division overseeing the work. For more information about these projects, visit [www.beavercreekohio.gov/engineering](http://www.beavercreekohio.gov/engineering).

## Summer Reminders

### Tree Trimming

Attention property owners! As summer is upon us, we kindly remind you to trim any trees in the right-of-way of your property that may obstruct the road or sidewalk. Overgrown branches and limbs can pose a safety hazard to pedestrians and motorists. Trees should be trimmed to a clearance of 8-feet above sidewalks and 12-feet above the roadway while ensuring any vegetation does not encroach onto the road or sidewalk. Please do your part to keep our community safe and beautiful by ensuring your trees are properly maintained.

### Property Maintenance

City Property Maintenance Code Section 153.30 prohibits the accumulation of junk, yard waste, and debris outdoors. Please ensure that any junk, yard waste, and debris is removed from your property so it does not negatively impact neighboring properties.

### Report a Concern

The city understands the importance of providing excellent services to meet residents' needs. We want to remind residents if you have a concern or request related to city services, you can easily submit it using the city's RequestTracker.

RequestTracker is designed to help residents report concerns and requests ranging from potholes, to playground equipment, code enforcement issues, and other matters. Scan the QR code below and follow the easy steps to report your concern. The city takes all concerns and requests seriously and will work hard to address them as quickly as possible. Visit [www.beavercreekohio.gov](http://www.beavercreekohio.gov), click on 'Report a Concern,' and follow the prompts to notify city staff.

# New hires and retirements at the Beavercreek Police Department

The Beavercreek Police Department is pleased to welcome Charles (Chuck) Wyckoff and Charles (Chuck) Worley as its newest police officers. Officers Wyckoff and Worley were hired to help maintain current authorized officer staffing levels.

## Officer Chuck Wyckoff

Officer Wyckoff is a 2008 graduate of Minnesota State University and earned a Master of Science degree in Exercise Management from the University of Cincinnati in 2021. He received his Ohio Peace Officer certification from Butler Tech Police Academy in 2018. Chuck served as a United States Army officer before his honorable discharge as a captain in July 2018. Thanks to his military career and previous time as a police officer, Chuck comes to us with experience, maturity, and leadership skills. During the hiring process, he said that a strong sense of purpose has always driven his personal pursuit of excellence, and he would like to fulfill that purpose in serving the Beavercreek community.

## Officer Chuck Worley

Officer Worley is a graduate of C.D. Hylton High School in Woodbridge, Virginia. He attended the University of South Florida in Tampa, Florida from September 2000 through May 2002, before transferring to Sinclair Community College, where he graduated with an Associate's Degree in 2005. Chuck previously worked for Paycor as a senior manager of sales, then joined Reynolds & Reynolds, where he was employed as a manager of sales and training, as well as an OEM specialist. However, Chuck realized his true calling is in public service and decided to pursue and achieve his dream of becoming a police officer. He completed the Greene County Career Center Police Academy on March 23, 2023 and received his OPOTA certification and commission. While he enjoyed great success in the corporate world, he felt he would find true fulfillment in serving and protecting others in a city that is close to his heart.

## Officer James Spicer

After serving the City of Beavercreek for more than 33 years, Officer James (Jim) Spicer has retired from the Beavercreek Police Department. Officer Spicer was hired on October 11, 1989 and assigned to the patrol division. His patrol assignments included patrol officer, officer-in-charge (OIC), and evidence technician. During his career, he was awarded numerous Letters of Recognition as well as the 2018 Knights of Columbus Council #7981 Blue Coat Officer of the Year. We thank him for his years of service and commitment to public safety and to the department and citizens of the City of Beavercreek.

Officer Chuck Wyckoff

Officer Chuck Worley

Officer James Spicer

Officer Ashworth and K9 Mickey

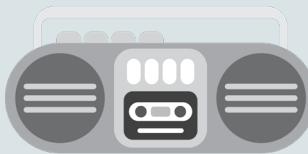

## BPD welcomes new K9 officer to force

The Beavercreek Police Department is proud to welcome another K9 Officer to its force, Officer Mickey. Mickey is a 15-month-old German Shepherd/Belgian Malinois and is currently attending a 12-week training program at the Kettering Police Department with his handler, Officer David Ashworth. The department's current patrol K9 Officer Hans is working with School Resource Officer David Majercak in the schools and is approaching service retirement in 2024.

Once Mickey completes his training and becomes state-certified through the Ohio Peace Officer Training Academy, he will be assigned to the department's patrol division as a working K9. As part of the selection process, Officer Ashworth was able to meet all of the available canines and both he and Mickey bonded immediately. We are excited to welcome Mickey to the family – and yes, "Mickey, you're so fine!"

# How to responsibly dispose of your old electronics

After completing your spring cleaning checklist, you may find yourself wondering what to do with those outdated electronics cluttering up your home. We have the perfect solution to ensure a refreshing start to the season!

Greene County's Environmental Services is unable to accommodate old electronics, but we are more than happy to guide you in the right direction! Here are some options that will help you dispose of your electronic gadgets responsibly and effortlessly.

## 1. Goodwill

Look no further than Goodwill, where you can make a positive impact on your community. They accept smaller electronics at all Miami Valley locations. While televisions are not eligible, you can still contribute to a worthy cause by donating your other devices.

## 2. Best Buy

Want to upgrade your gadgets while embracing a sustainable approach? Best Buy is the place to go. They gladly accept smaller electronics free of charge, with a limit of three items per household per day. Additionally, for a nominal fee of \$29.99 per item (limited to two items per household per day), they will accept televisions under 32" in size, including Tube, Portable, Flat LCD, plasma, and LED TVs smaller than 50".

## 3. Staples Recycling Services

Looking for a hassle-free option to unload your unwanted electronics? Staples Recycling Services has got you covered. They offer a convenient drop-off service for numerous items. To ensure you are well-informed, please visit their website at [www.staples.com/recycling](http://www.staples.com/recycling) for a comprehensive list of accepted and non-accepted items. Best of all, this service is completely free!

## 4. Bulk Pickup

If you find yourself with larger electronic devices and are unable to recycle them, arranging a bulk pickup might be the ideal solution. Contact your waste/recycling service provider, and they will be more than happy to assist you in disposing of your unwanted electronics.

You might be wondering why it's important to let go of these unused gadgets? In addition to decluttering and making space for things that matter to you, recycling electronics offers numerous environmental benefits. By recycling these products, you play a crucial role in safeguarding our planet. Not only do you prevent harmful substances from polluting the environment, but you also conserve energy that would have been utilized in manufacturing new components.

For further guidance on recycling or to learn more about environmentally friendly practices, we encourage you to contact Greene County Environmental Services. Our knowledgeable team is dedicated to providing valuable information and support.

## Household Hazardous Waste

### Accepted:

- Acids and Cleaners
- Aerosol Spray Cans
- Antifreeze
- Less than 5 Gallons of Fuel
  - Gasoline and Kerosene
- Herbicides and Pesticides
- Putty and Adhesives
- Stains, Varnishes, and Paint Thinner
- Oil Based Paints

### Not Accepted:

- Motor Oil
- Electronics
- Small Household Appliances
- Computers and Accessories
- Televisions
- Pharmaceuticals
- Ammunition
- Explosives

## Household Hazardous Waste Drop-off Dates & Times:

### Tuesdays, 12:30 - 2:30 p.m.

- June 27
- July 25
- August 22
- September 26
- October 24
- November 14
- December 12

### Saturdays, 9 a.m. - Noon

- June 10
- July 15
- August 12
- September 16
- October 14

### Contact:

2145 Greene Way Blvd.  
Xenia, OH 45385  
(937) 562-5925

# Township Administrator Alex Zaharieff retires, Ryan Rushing appointed as new Administrator

Longtime Beavercreek Township Administrator Alex Zaharieff retired from Beavercreek Township in April. Zaharieff was the first Township Administrator for Beavercreek Township in its 220-year history. Zaharieff said his retirement is bittersweet, but added he is optimistic for the Township's future.

"I started my public service career in 1988 with the City of Beavercreek working part-time in the road department," Zaharieff said. "I have worked for different communities throughout my career, but it's been a pleasure to come back to where I began my public service career. This is the community I grew up in and raised my family in, and now I get to retire from a community that has meant so much to me."

The Beavercreek Township Board of Trustees appointed Fiscal Officer Ryan Rushing to the role with a five-year contract. Rushing began his role as Township Administrator on May 1, 2023.

## Getting to know Ryan Rushing

### Q: What are your goals?

A: "We have a lot of growth in the Township and that is a sign we are doing things right. Change is a constant and a badge of honor. Growth has to be intentional, so there needs to be a comprehensive plan and a unified direction on where we are heading."

### Q: What are you looking forward to?

A: "I am looking forward to leading the Township toward maintaining our promises and commitments to the community. We have a lot of growth within our fire department, and within the 10-year levy that was passed, we have a commitment to two fire stations, and I am excited to see that commitment through."

### Q: What's your first order of business?

A: "There are a lot of moving parts, and my first order of business is to go on a listening tour with both internal and external stakeholders so I can start on solid footing and have a full understanding of where the township is."

### Q: Where did you grow up?

A: "I am a proud Beavercreek High School graduate. I studied Political Science and Public Administration at Wright State University. This is a great opportunity for me to return home and have an impact on the community where I grew up."

### Q: What do you enjoy outside of work?

A: "I try to immerse myself in community service and have worked with various organizations in the past, including the El Puente Educational Center, which provides educational and community services to first-generation youth. I love music, cars, and sports. My favorite music is classic rock, especially 1960s and 1970s, and my favorite band is The Eagles. I have three generations of family who have worked in the automotive industry, so naturally, cars and how they work always fascinates me. I am a big professional baseball and football fan as well."

## ODOT breaks ground on U.S. 35 improvement project

It's officially construction season in Ohio. The Ohio Department of Transportation and Beavercreek Township broke ground on the Trebein/Valley/U.S. 35 Interchange improvement project in March. The project will be the final component of the long-term project to upgrade U.S. 35 from I-75 and improve safety. The \$40.3 million project was awarded to Sidney-based Eagle Bridge and is set to be completed in October 2025.

"This project will save lives, as well as reduce congestion and the opportunity for severe crashes," said Beavercreek Township Trustee Tom Kretz. "It will improve the daily commute for locals and the thousands of people who pass through Greene County every day. It will also provide much-needed access for our local airport and continued growth and development of the airport, and become a catalyst for commercial development."

Kretz also expressed anticipation for enhanced response times the improvement project will offer to EMS and first responders.

## Township Meetings

Beavercreek Township Board of Trustees conducts meetings on the second and fourth Monday of each month. All meetings take place at 5 p.m. in the Community Room in the lower level of Fire Station 61, located at 2195 Dayton-Xenia Road. To view your Township meetings, visit [www.beavercreektownship.org](http://www.beavercreektownship.org) and follow the link to YouTube.

# Grilling safety from the Beavercreek Township Fire Department

Grilling is one of the most popular ways to cook food; however, it's crucial to be aware of the fire risks associated with placing a grill too close to flammable objects. The intense heat and flames generated by grills can also lead to severe burn injuries. Follow these simple tips to help stay safe while grilling:

## Safety Tips:

- Propane and charcoal BBQ grills should only be used outdoors.
- The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- Keep children and pets at least three feet away from the grilling area.
- Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- Never leave your grill unattended.
- Always make sure your gas grill lid is open before lighting it.

## Charcoal grills:

- Purchase the proper starter fluid and store out of reach of children, and away from heat sources.
- Never add charcoal starter fluid when coals or kindling have already been ignited, and never use any flammable or combustible liquid other than charcoal starter fluid to get the fire going.
- When you are finished grilling, let the coals completely cool before disposing in a metal container.

## Propane grills:

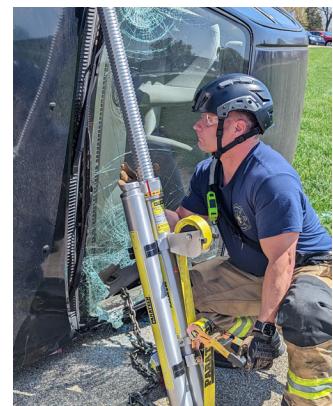

- Always check the propane cylinder hose for leaks once a year before use. A light soap and water solution applied to the hose will reveal escaping propane by releasing bubbles.
- If you smell gas while cooking, turn the gas off, get away from the grill and call the fire department. Do not attempt to move the grill.

According to the National Fire Protection Association (NFPA), July is the peak month for grill fires. Roughly half of the injuries involving grills are thermal burns. Have fun this summer, but be careful when having a barbecue. For questions, please call the Beavercreek Township Fire Department Prevention Bureau at (937) 426-1627.

# Firefighters train with new extrication tools

The Beavercreek Township Fire Department began training with new extrication tools to use in case of a vehicle crash emergency. Firefighters practiced with the new stabilization equipment for use when vehicles are rolled over or on their sides.

The equipment stabilizes the vehicle so it does not roll over on first responders or the patient in the event an extrication needs to take place. Training vehicles were obtained from local salvage yard W&W Automotive and Towing who brought the cars for the department to use for training and practice.

# Fire department assists with prairie burn

The Beavercreek Township Fire Department stood by for support at the annual prairie burn at Mt. St. John in March. The Marianists, who own the property, burn portions of the property every year to maintain it. The Marianists use trained volunteers to conduct the fire, but Beavercreek Township Fire assisted with the safety and was on location in case the burn crews need additional resources.

# Beavercreek City Council approves Master Plan for new Spring House Park

Beavercreek City Council has approved a master plan for the city's newest and now largest park, Spring House Park. Council approved the master plan during their council meeting on May 22, 2023.

The 148-acre Spring House Park is located along Grange Hall Road, between Patterson and Shakertown Roads. Over the past year, Brandstetter Carroll, Inc. has worked with parks staff and the community to develop the master plan, which acts as a guide for the planning and development of the new parkland.

“Through this project, Beavercreek Parks, Recreation & Culture staff is excited to continue its mission of delivering recreational experiences that enhance quality of life for our residents,” said Kim Farrell, parks superintendent. “The division’s vision is to build a happy and healthy community by connecting people to quality parks, engaging programs, and unique events.”

The plan shows the park will include natural areas; unpaved and paved hiking trails; playgrounds; picnic shelters; splash pad; dog park; disc golf; pickleball courts; multi-sport fields; basketball courts; outdoor fitness area; archery area; overlook shelter and fire pit; event space; retention pond with fishing docks; and restrooms. The park will also connect and expand recreational trails in the city and include a spring house shelter as part of the park’s namesake.

A majority of the park will remain natural; however, the city intends to remove invasive trees and plants from the area and replace them with native plants. Volunteers from the community will have the opportunity to participate in this initiative.

“This master plan was created to reflect the community and is based on a lot of public input,” said Farrell. “Each amenity included in the plan was carefully chosen, as it was requested by community members.”

The public input process for Spring House Park’s master plan involved two open houses with more than 150 participants and an online survey that generated more than 2,100 responses. People who responded to the online survey indicated their first choice for amenities were natural areas; unpaved hiking trails; an all-access playground; picnic shelters; splash pad; paved trails; dog park; disc golf; outdoor stage; and sports fields.

“By actively listening to our community members, we have ensured the amenities included in Spring House Park’s master plan align with our residents’ vision, creating a space that reflects their values and fosters a sense of belonging,” said Pete Landrum, city manager.

"City council is excited and proud to share Spring House Park's master plan with the community," said Mayor Bob Stone. "The thoughtful design and thorough consideration that went into the master plan reflect council's dedication to providing a space that is vibrant and welcoming for our community. We want to thank everyone who took the time to provide input and played an invaluable role in shaping this plan."

The city purchased the park land after it was awarded \$738,000 in grants from the Ohio Department of Natural Resources through the United States National Park Service's Land and Water Conservation Fund. The city matched the grant dollar-for-dollar using park fees, which is money collected by developments in the city and can only be utilized to purchase parkland.

The cost to develop the entire master plan for Spring House Park is estimated to be around \$35 million. A significant portion of the cost, approximately \$17 million, will be for infrastructure. This includes preparing portions of the land for development, establishing water and electric systems, constructing roads and parking areas, and ensuring other necessary utilities are in place.

Since Spring House Park is a new park, the city's current parks levy does not support the development and operations of the new park; therefore, the city does not have the necessary funds to develop and maintain the park at this time. For updates on the park, visit [beavercreekohio.gov/springhousepark](http://beavercreekohio.gov/springhousepark).

# The benefits of your Beavercreek Parks

Summer is here, and it's the perfect time to explore your local parks! The City of Beavercreek's Parks, Recreation & Culture Division maintains 24 parks, 16 playgrounds, 30 athletic fields and courts, 3 bike hubs along Creekside Trail, a 7-acre fishing lake, and skate park! Whether you're looking for a place to relax, exercise, or have fun with family and friends, Beavercreek's parks offer a wide range of activities for everyone. Here are some of the benefits of the parks in our community:

## Promote physical activity

Parks provide a great opportunity for people of all ages to engage in physical activity. Whether it's jogging, walking, cycling, playing sports, or simply playing with children, parks offer a safe and convenient place to stay active and healthy.

## Enhance mental health

Spending time in parks has been linked to improved mental health and well-being. Exposure to nature and green spaces can help reduce stress, anxiety, and depression, and promote feelings of calmness and relaxation.

## Foster community connections

Parks are a great place to meet new people and connect with others in the community. They provide a common space for people of all ages and backgrounds to gather, socialize, and build relationships.

## Provide environmental benefits

Parks offer environmental benefits such as preserving natural habitats, reducing air and water pollution, and providing shade and cooling during hot weather.

Parks are a valuable asset to our community, providing a range of benefits for people of all ages and backgrounds. This summer, we encourage you to take advantage of Beavercreek's parks and discover all that they have to offer! Visit [beavercreekohio.gov/parks](http://beavercreekohio.gov/parks) to view a list of Beavercreek's parks.

## Beavercreek Senior Center

### About

The Beavercreek Senior Center provides daily activities to Beavercreek residents and non-residents who are 55 and older. Daily activities include art and fitness classes, educational and health seminars, card playing and social groups, and more! The center also offers a transportation program and state-of-the-art fitness area. Visit [beavercreekohio.gov/seniorcenter](http://beavercreekohio.gov/seniorcenter) for additional information.

Members have access to facilities, members-only special events, the center's monthly newsletter, discounts on classes, and more! Those who are eligible may have their membership fee waived through SilverSneakers and Renew Active, just ask a staff member how!

### The Gallery at Lofino Plaza

Each month, The Gallery at Lofino Plaza features the artwork of a local artist. The Gallery is open during the same hours as the Beavercreek Senior Center, which are Monday through Thursday from 9 a.m. to 7 p.m., Friday from 9 a.m. to 4 p.m., and Saturday from 9 a.m. to noon. If you are a local artist and would like to display your artwork in The Gallery, please contact the city's Parks, Recreation & Culture Division for additional details.

### Membership

A membership to the center costs \$40 per year for Beavercreek city and township residents, and \$60 per year for non-residents.

# Celebrate the Fourth of July with the City of Beavercreek

The City of Beavercreek's Fourth of July Committee invites you to celebrate Fourth of July with them on Tuesday, July 4, with a fun-filled parade, live entertainment, food trucks, and spectacular fireworks show presented by UES, Inc.

All the fun will kick off with a parade at 6 p.m. along Dayton-Xenia Road. It's not too late to sign up to be a parade participant! We invite businesses, organizations, and neighborhood groups to participate in the parade and showcase their Beavercreek pride. Register online by visiting [beavercreekohio.gov/4thofJuly](http://beavercreekohio.gov/4thofJuly).

After the parade, the fun continues at Rotary Park, 2260 Dayton Xenia Road, with activities, including food trucks, inflatables for children, and live entertainment. This year, we are excited to welcome back Flight One, the Air Force Band of Flight Rock Band! The night will cap off with a fireworks show beginning at 10 p.m. See you there!

## Summer Concert Series

Enjoy the sweet sounds of summer at the City of Beavercreek's Summer Concert Series, which runs throughout June and July on Sunday evenings from 7 to 8 p.m. at Dominick Lofino Park. This year's summer concert series also includes two children's entertainment nights on June 18 and July 16 at 5 p.m. Visit [beavercreekohio.gov/concert](http://beavercreekohio.gov/concert) for more information.

### 2023 Summer Concert Series Lineup:

#### June 4: Noah Wotherspoon Band

An award-winning blues and rock band. Noah Wotherspoon is a graduate from Beavercreek High School.

#### June 11: The Unity Saxophone Quartet

A talented local quartet known for their captivating performances of classic tunes from the Great American Songbook and other well-known favorites.

#### June 18: 5 Band

Performing songs you know, forgot you know, and songs you should know!

#### June 25: Ludlow Creek

A classic rock band with Americana themes.

#### July 9: Pandora Project

Playing your favorite classic pop and rock hits.

#### July 16: The Hathaways

A five-member pop and rock band with a few original tunes.

#### July 23: Rick George

Making use of his influences in classic country, folk, and Americana, Rick has created a style he is proud to call his own.

#### July 30: Gemstone

Performing your favorite rhythm and blues, pop, soul, jazz, and classic rock tunes.

#### Children's Entertainment

Enjoy a fun and educational puppet show by nationally recognized Madcap Puppets from 5 to 6 p.m.

#### June 18: Fantastic Fairy Tales

#### July 16: When You Wish Upon a Fish

On July 16, Beavercreek Community Library will host Chalk the Walk from 6 to 7 p.m. in coordination with summer reading at the park. Food trucks will be available both nights.

## Recreation Classes

### The Purple Paintbrush

Owner and instructor  
Kristin Bailey

### NEW! Northern Lights Themed Pottery Painting Ornament Workshop

Ages 18 and older  
Beavercreek Senior Center Classroom  
3868 Dayton-Xenia Road  
Saturday, July 15, 10 - 11:30 a.m.  
Fee: \$40, Resident \$35

Learn how to create a beautiful northern lights scene! Participants will receive a 4 by 5-inch ball ornament, an S hook, and 10-inch metal stand to display their creation. Learn how to layer glazes and add small details with the flick of a brush!

### NEW! Slate Garden Sign or Hanging Plaque Workshop

Ages 18 and older  
Beavercreek Senior Center Classroom
